May 2013

What's On...

Green up your life, green up your work...

Environmental journalist Sue White, along with a panel of local experts can help you make sustainable changes in your home or work environment. Grab some tips and head along to this event @ **Surry Hills Library Thursday 16th May from 6:00pm-7:00pm. You can book online or call: 83746230**

Service Update:

The V2V is now offering memberships which means you can now be kept up to date with any changes to the service. It also means you receive the monthly newsletter that keeps you posted on things that are happening in and around the City of Sydney. If you're an existing client of SESCT, all you need to do is pay \$7.00 to the driver. If you're not a client, just give us a call in the office! **Tel. 8241 800**

Don't forget South East Sydney Community Transport are conducting monthly catch-ups in 3 different community centres around you! If you are interested in coming along, meeting some of the team and having a nice hot cuppa, then call us on **8241 8000** for more information!

Light, music, ideas...

Get ready for Vivid Sydney 2013

Kicking off on the 24th May until the 10th June, Sydney will be transformed once again into a canvas of creative installations dotted in and around the city.

This is a great opportunity for local Sydneysiders and artists to express their ideas and concepts in public forums such as music concerts, light shows and much more.

Vivid Sydney is also based on 'ideas,' which in theory is about turning inspiration into action. It's a chance to celebrate local talent, expand markets for creative industries, and connect with world-leaders. There are many ways you can get involved whether it be a 'hands on' workshop, or maybe a conference that may interest you, either way there's something for everyone.

This year, we're also excited to see Darling Harbour form part of the Vivid Sydney footprint. With the June long weekend usually favouring many of Australia's best-known jazz performers in and around Tumbalong Park, it has now been replaced with a fountain installation! No doubt this immersive water theatre combining a 20-metre wall of light, colour and music, is sure to be a spectacular sight to see!

What's better yet, Darling Harbour has plenty of shops, bars and restaurants for you to continue your night out along the promenade!

Artists impression of the Water Fountain to be installed at Darling Harbour

To see this light show, the purple V2V can drop you off at the Entertainment Quarter every Thursday and Friday by 3:45pm which gives you time to stroll through Tumbalong Park and grab a coffee as you wait for the sun to go down.

If you have any queries on the timetable, please don't hesitate to call us on: **8241 8000.**

Feeling Krafty?

One of the first groups to pioneer electronic music and headline this year's Vivid festival, is the famous German electronic band Kraftwerk. Taking main stage at the Opera House from 24th to 27th May, they are sure to impress generation X, Y and Z with their repetitive rhythms, minimalistic instrumentation and their simplified lyrics that were often made by computer-speech software. Those who were lucky enough to snatch up a ticket through an online application process, we're jealous of your patience! And for the rest of us who missed out, we'll just have to play *Computer World* on our ipod at our own discretion....

The anticipated live performance show by Kraftwerk
